

SECRETS

**A MEMOIR OF VIETNAM
AND THE PENTAGON PAPERS**

**DANIEL
ELLSBERG**

"We have waited thirty years for Daniel Ellsberg to tell his extraordinary story, and it was worth the wait. He was an insider who, through the years of the killing in Vietnam, saw deception and hypocrisy at the highest levels of government and can tell us about that in painful detail. His trajectory is the stuff of high drama.

***Secrets* offers its readers a profound education in politics and morality—sobering but also inspiring.** If our nation could absorb its lessons, we might all face a better future."

—HOWARD ZINN, AUTHOR OF *A PEOPLE'S HISTORY OF THE UNITED STATES*

"Daniel Ellsberg takes us back to a time and place in our recent history when a single courageous act was imperative for democracy—government by the people, for the people—to exist. **The most important exposé of Washington since the Pentagon Papers themselves, *Secrets* is essential reading** for any American who wants to understand true patriotism."
